Education

GLA University

Bachelor of Technology in Computer Science

August 2018 – May 2022

Mathura, UttarPradesh

Experience

Web Developer

Jan 2025 – Present

Self-employed / Remote

- Developed and deployed responsive websites for clients including a Chartered Accountant firm and an NGO (Radhe Krishna SS Trust) using React.js, HTML5, Tailwind CSS, and JavaScript.
- Created modular, component-based UIs with React.js to ensure scalability and code reusability across different pages and sections.
- Used Tailwind CSS to craft modern, mobile-friendly layouts with consistent branding and accessibility.
- Integrated SEO best practices, metadata, and performance optimization for better search visibility and user engagement.
- Deployed live production websites and collaborated closely with stakeholders to meet content, branding, and functional requirements.

Projects

Radhe Krishna SS Trust – Official Website | *React.js, HTML5, Tailwind CSS, JavaScript*

June 2025

- Developed and deployed a fully responsive NGO website to showcase the trust's mission, events, and donation initiatives.
- Implemented a clean and accessible user interface using Tailwind CSS, ensuring seamless experience across all screen sizes.
- Utilized React.js for component-based development, improving scalability and maintainability of the codebase.
- Optimized for SEO and performance with semantic HTML structure and proper metadata integration.
- Hosted live at: radhekrishnasstrust.com

Chartered Accountant Firm – Official Website | *React.js, HTML5, Tailwind CSS, JavaScript*

April 2025

- Designed and developed a responsive and professional website for a Chartered Accountant firm to showcase services, team expertise, and contact options.
- Built modular components using React.js for maintainability and scalability across various firm offerings.
- Used Tailwind CSS for a clean and modern UI, ensuring consistent layout and responsiveness across all devices.
- Implemented interactive sections such as client inquiry forms and dynamic service listings to enhance user engagement.
- Optimized SEO, metadata, and page structure for improved discoverability on search engines.
- Hosted live at: kpssquare.in

Test Centre Audit Project | *HTML, CSS, JavaScript, PHP*

March 2022

- Contributed to the development of a web-based platform for test center auditing, focusing on database connectivity.
- Played a key role in ensuring user-friendly interface design and functionality.
- Collaborated closely with team members to meet project requirements and deliver on schedule.

Skills

Languages: Java, Python, JavaScript, TypeScript, HTML5, CSS3, SQL

Frameworks/Libraries: React.js, Node.js, .NET, Tailwind CSS, Bootstrap, PHP, WordPress

Databases: MySQL, MongoDB

Tools: Git, GitHub, IDE(IntelliJ), Visual Studio 2022, VS Code

Concepts: Object-Oriented Programming (OOPs), Responsive Design, REST APIs, CRUD Operations, Component-Based Architecture, MVC

Leadership / Extracurricular

- Volunteered for Radhe Krishna SS Trust during donation drives and awareness campaigns.
- Led a team of interns in developing an e-commerce website at Zidio, overseeing the implementation of key features and ensuring timely project delivery.
- Participated in Smart India Hackathon 2021; developed a scalable project prototype with a team of 5.
- Active member of GLA University Coding Club; organized code-along workshops for juniors.
